

Number Decals Application Instructions

1. Recommended Equipment:

- Water
- Microscale Micro Set & Sol)
- Tweezers HL12 or 14
- Scalpel with No 15 blade
- ProArte Brush, size 0 or 1
- Vallejo Acrylic Varnish

All available at www.mysubbutteo.com

2. Select the number you want and cut it off the card with the scalpel. You should cut a small square piece close as possible to the number.

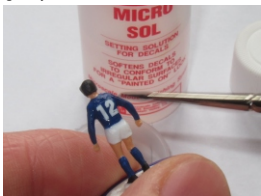

3. Use the tweezers to lift the piece and place inside a small container. Wet it well with a few drops of water and let it soak for about 30 seconds.

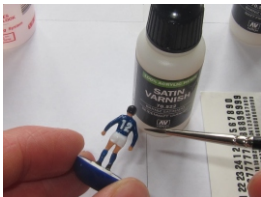

4. Use the brush to add some Micro Set on the figure.

5. Carefully lift the number with the tweezers and place it on the figure. Position the number by moving it gently with the brush.

6. Use the brush to add some Micro Sol to soften the decal. Once you are happy with the position of the number, let the figure to dry for at least 30 minutes.

7. Apply 1-2 coats of varnish. You can use any type Gloss, Satin or Matt, depending on the surface finish you want for your figures.
